

Special Issue of *Biomedical Materials: Materials for Tissue Engineering & Regenerative Medicine* for ISSIB-II

December 29, 2009

1. New Submission Deadline (January 31, 2010**) for the Special Issue of *Biomedical Materials***

Due to recent requests, it has been decided that the deadline for submission of full-length papers to the Special Issue of *Biomedical Materials: Materials for Tissue Engineering & Regenerative Medicine* is extended to **January 31, 2010**.

Please prepare your manuscript and submit it online before this new submission deadline. Please follow the instructions in the invitation email that was sent to you for the submission procedure.

When you submit your manuscript online, please indicate clearly that your submission is a Special Issue article and that it is submitted to the Special Issue for ISSIB-II.

2. Quality and Length of the Full-length Paper

All papers submitted to the Special Issue will go through the normal peer-review process of the Journal and will be accepted for inclusion in the Special Issue on the basis of their scientific quality and standard of English. Your submitted paper should be of truly very good quality in order to be accepted for inclusion in the Special Issue.

Only full-length papers will be considered for the Special Issue. The length of the article should be at least 5000 words. Shorter articles will not be considered.
